NOTES TO UNAUDITED FINANCIAL STATEMENTS
September 30, 2006

NOTE 1 BASIS OF PRESENTATION

The accompanying financial statements have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. The interim financial statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary to present a fair statement of the results for the period.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report on Form 10KSB for the year ended December 31, 2005. The results of operation for the period ended September 30, 2006 are not necessarily indicative of the operating results for the full years.

NOTE 2 LIQUIDITY/GOING CONCERN

The Company does not have significant assets, nor has it established operations and has accumulated losses since inception. These factors raise substantial doubt about the Company's ability to continue as a going concern. It is the intent of the Company to seek a merger with an existing, well-capitalized operating company. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 3 RELATED PARTY TRANSACTIONS

The Company has recorded a related party liability of \$36,280 as of September 30, 2006. The unsecured loan bears no interest and is due on demand. For the nine months ended September 30, 2006, a shareholder paid \$5,484 on behalf of the Company.

NOTE 4 SUBSEQUENT EVENT

On or about October 11, 2006, the Company's Board of Directors authorized 3,478 shares of common voting stock for issuance, resulting from the October 5, 1999, reverse split that had not been previously reconciled as the certificates had previously been issued through the Company's previous transfer agent, Oxford Transfer, but were not reflected on the current shareholders list. These shares were delivered to DTC, all fully paid and nonassessable. The accompanying financial statements have been retroactively restated with regards to outstanding shares of common stock to show the affects of this change.

Item 2. Management's Discussion and Analysis or Plan of Operation.

Plan of Operation

Our Company's plan of operation for the next 12 months is to:(i) consider guidelines of industries in which our Company may have an interest; (ii) adopt a business plan regarding engaging in business in any selected industry; and (iii) to commence such operations through funding and/or the acquisition of a "going concern" engaged in any industry selected.

Our Company's only foreseeable cash requirements during the next 12 months will relate to maintaining our Company in good standing in the State of Nevada, as well as legal and accounting fees. Management does not anticipate that our Company will have to raise additional funds during the next 12 months.

As of the filing of this Quarterly Report, we have not identified any operations; nor are we in discussions with any potential operations.

Liquidity and Capital Resources

Our total assets as of September 30, 2006, were \$0, and we have no assets as of the date of this filing. We do depend on a shareholder being able to loan us money to fund our attempt to get and maintain our Company current in its filings and if this shareholder is not able to loan us the money our ability to continue in our attempt to get and maintain our Company current would be substantially reduced.

Forward-Looking Statements

The foregoing discussion contains forward-looking statements that discuss, among other things, future expectations and projections regarding future developments, operations and financial conditions. All forward-looking statements are based on management's existing beliefs about present and future events outside of management's control and on assumptions that may prove to be incorrect. If any underlying assumptions prove incorrect, our actual results may vary materially from those anticipated, estimated, projected or intended.

Item 3. Controls and Procedures.

As of the end of the period covered by this Quarterly Report, we carried out an evaluation, under the supervision and with the participation of our President and Secretary, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, our President and Secretary concluded that information required to be disclosed is recorded, processed, summarized and reported within the specified periods and is accumulated and communicated to management, including our President and Secretary, to allow for timely decisions regarding required disclosure of material information required to be included in our periodic Securities and Exchange Commission reports. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives and our President and Secretary have concluded that our disclosure controls and procedures are effective to a reasonable assurance level of achieving such objectives. However, it should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote. In addition, we reviewed our internal controls over financial reporting, and there have been no changes in our internal controls or in other factors in the last fiscal quarter that has materially affected our internal controls over financial reporting.
